# DH-RB.05

## Пассажирский подъемник

## Технические характеристики

→ Passenger lift for coaches

## DH-RB.05 • 350-500 kg

The **fold-away** lift DH-RB is specially designed for coaches, to help wheelchair passengers to embark and disembark the vehicle in a comfortable and safe manner.

In its travel position, this lift is neatly folded away in the **area below the door exit on the upper aisle** of the coach.

Upon deployment, the platform is first lowered to the ground, then unfolded into work position.

The standard model is mounted directly under the vehicle door. As an option, it can be equipped with a **side-shift frame** (option S981), making it suitable for coaches where the door position is offset from the fitting space of the lift.
